

For monitoring fruit flies (*Drosophila melanogaster*) to be used near fruits, food, beverage, in restaurant; kitchen, winery, cellarage, storages and on the market.

The liquid bait lures the flies into the trap effectively for 3-5 weeks, and decreases their number considerably.

ACTIVE INGREDIENTS:

Natural food-type attractant

PHYSICAL PROPERTIES, APPEARANCE:

Arched, glued paper cardboard and small diffuser bottle.

TOXICOLOGY:

As this trap does not contain any toxic insecticide, it is environmentally safe.

ADVANTAGES:

- Does not contain any insecticide, it is environmentally safe.
- Contains natural, food quality materials.
- Modern design.
- Prolonged efficacy.

USES:

It is recommended to remove decaying fruits near the trap to achieve better efficacy.

PRODUCT FOR AMATEUR AND PROFESSIONAL USE
